

Date: 21/03/25

Not In Attendance: N/A

What's Been Done since the Previous Meeting:

<sw734>: Finishing off the technical report and corpus, just waiting for people to finish so it can be documented.

<lj330>: Finished the add to cart feature with things such as recent orders, a working payment feature and minor bug fixes.

<mz300>: Tinkering with the mailer feature, in a mostly working state and made sure reservations is working

<oj54>: Inventory feature and nutritional values features now work.

<oh219>: Fixed the super admin, minor changes to make admin experience better

What's Being Done:

<sw734>: Finishing the final touches on technical report and corpus, nearly ready to zip project

<lj330>: Make sure project is bug free / unit testing

<mz300>: quality assurance / unit testing

<oj54>: Needs to make final additions to features

<oh219>: Making sure super admin does not have any more bugs

Further Discussion:

. Final meeting of the project

. All been working hard the past month to get this project finished

. Although meetings have been inconsistent we were constantly in communication outside of meetings
