

**Date:** 08/11/24

**Not In Attendance:**

**What's Been Done since the Previous Meeting:**

**<sw734>:**

- . Added a model & controller for account registration page which now works (sends data to database correctly)
- . Created an account login page
- . Added some validations to the account registration form to error handle

**<lj330>:**

- . Work on the home page

**<mz300>:**

- . Added a model & controller for reservations page which works (data is sent to the db correctly)

**<oj54>:**

- . Design for the menu page

**<oh219>:**

- . Created the about us page
- . Created the contact us page
- . Created the Frequently Asked Questions page

**What's Being Done:**

**<sw734>:**

- . Add the model & controller logic for logging in the user with it working

**<lj330>:**

- . Continue working on the home page with some dynamic additions

**<mz300>:**

- . Add more features onto reservation page to make the feature more whole

**<oj54>:**

- . Start implementing the menu page(s)

**<oh219>:**

- . Begin working on content which dynamic (not static content)

**Further Discussion:**
